

Proven Software • Outstanding Support  
For your Hospice Agency

# HOSPICE

*August Systems' Hospice software gives you the strength of a proven product designed to meet the needs of all Hospice agencies. Our solution provides scheduling, clinical documentation, specialized billing, and tools to track agency personnel and costs. Visit Wizard for Hospice will help you improve patient care, track communication with doctors, capture payroll data, and much more. As a Hospice, your focus is on your patients and their families. Visit Wizard for Hospice helps you maintain that focus by making administration simple and efficient.*
